

## Sweet Talker

## The Prize Fighter Inferno

Everybody's broken here I'm touched  
Telling their secrets to me  
Sweet talkers  
But I can't let them go  
Oh, if it were so simple  
Would they fuss?  
They'd tell me everything  
But I don't care that much

Cause when your last breath  
Fades you out  
Oh, there'll be no words left  
For anyone to shout

Sweet talker, sweet talker  
Sweet talker, sweet talker

Everybody's here against their will  
Oh, I'm dragging  
They're screaming at me again  
I'll be alright just need a little more time  
Watching these bad, bad people  
Playing the good guys

Cause when your whole world  
Comes crashing down  
I promise you, I'll be good to you  
Somehow

Cause when the good guys  
Can't save you  
Go run and hide  
Go run and hide  
Cause when the good guys  
Can't save you  
Go run and hide  
Go run and hide

...
