Beautiful Truth

The Proclaimers

Beautiful Beautiful Beautiful Truth Don't leave because I can't see you. Beautiful Beautiful Beautiful Truth Don't leave because I can't see you.

You know the hours that I passed without you Every heartbeat that I chose to flout you And how I felt no shame
I know this problem is of my own making
I know you're giving here and I'm not taking
But please dont leave this place

Beautiful...

Don't let me complicate what you made simple By looking fancy or sounding boastful Please bring me down

And now that I have said what's on my mind And its obvious that I am blind Please say you'll stay

Beautiful...

Spin me round
Bring me down
Be my sound
But don't leave.
