

Inferno

The Project Hate MCMXCIX

I wake you from your slumber
Servant of whores, your time is now
These ashes are your children
Never again they'll walk this soil
With heaven torn asunder
Remnants of the Holy Lord
Is what I've left behind me
Leave it all unseen

This beauty - Inferno
My loved one - Inferno
This kingdom - Inferno
Victorious - Inferno

Dawn of chaos, Earth turning to black
Dawn of darkness, soil turning to blood
Dawn of anger, man turning to dust
This inferno, dishonor your God

I've seen your death become me
As I've become the death of you
This treason is upon me
Which I will celebrate eternally
Your Saviour died before me
I bid farewell by His side and celebrated darkness
Our time is now

Inferno! Inferno!
Inferno! Inferno!
Inferno!

You're saved and you're forsaken, my child
This bliss of God, this curse of men
The seven seals broken one by one
Kneel!

As I come forth there'll be no survivors
Lay down your crown and sleep forevermore
Now hear me roar, denying the liars
Reap what I sow in this inferno
Rage and disgust I've come to admire
So lay down your crown and sleep forevermore
Reap what I sow, reap what I sow
Reap what I sow and sleep forevermore

Everyone must bow down before me!
Everyone must bow down before me!
Everyone must bow down before me!
Everyone must bow down before me!

So spread your wings of famine and hatred
Descend, Oh Mighty Father of Repentance

On this day I'm going to be sharing my bloodline
On this day I'm going to become this inferno
On this day I'm going to be sharing my bloodline
On this day I'm going to become this inferno

Inferno
You ask, you shall receive
You ask, you will believe
Your lies are not for me
Inferno
You ask, you shall receive
Your lies are not for me

All bow down before me
Amen! Amen!
All bow down before me
Amen! Amen!
All bow down before me
Amen! Amen!
All bow down before me
Amen!

I am Inferno, I am Inferno
Kneel before me!
I am Inferno, I am Inferno
