

I Believe

The Prostitutes

Wicked sisters got the situation well under control
She will eat you up and spit you out and I haven't got a hope
She says come and take me if you dare
If you'r man enough but your not that tough
So get out of here

I believe in you
I believe in you

Bitchy cat playing with your head
Like a kitten with a ball
Like a rattle snake who will mesmerize
And strike you as you fall
She said put the money over there
And in two minutes time you'll be downstairs
And I'm outta here

I believe in you
I believe in you

I don't want to be dissapointing
But I only kiss my boyfriend
I don't want to be dissapointing
But I only kiss my boyfriend

I believe in you
I believe in you
