The Prostitutes

Hey Mr. Spider
Well I'm sitting here and thinking
I've been thinking
what it is that we're supposed to do today
if we look outside the window
then you see the world is passing
and I'd rather not be part of it at least not just
today
Hey Mr Spider
I've been frightened and been lonely
and the door it is wide open
But I really want to stay
Hey Mr Spider
Though we spent this time together
I'm going to have to leave you
cause I must be on my way
It's ok we don't have to do anything today
just take your mind back there
it's ok
it's ok we don't have to do anything today
Hey Mr Spider
well I'm sitting here and thinking
just had to know the difference
and I think that it is clear
right now now I'm sitting on the outside
