

My Time

The Psychedelic Furs

You've got rain in your eyes
and a head full of stars
all the tears you can hold in your hand
And a roomful of sleep
and a promise to keep
isn't it just like love
In a world made of love
you just lose in the game
they give you these words but they've taken your name
now you're out in the cold
now ain't that a shame
isn't it just like love
you can have anything you can hold in your hands
and I here always, always alone
at the end of the day it's the price that you pay
with your pieces of love
all your pieces of love

and it's my time to turn you around
and it's my time to hold out a hand
and it's my time to turn on a light for you
my time
it's my time
there's a world at the door
with a heart and a sleeve
and there's no one to turn
there is you
and a deal to be made
and a price to be paid
isn't it just like love

so you stand in the dark
and the sun never shows
and you're whispering secrets that everyone knows
so we know that they've told you
they just wanna hold you,
kiss you and take you and use you and thank you
you have anything you can hold in your hand
and I here always, always alone
at the end of the day it's the price that you pay
with your pieces of love
all your pieces of love
