

## Beer & Cigarettes

The Quakes

beer and cigarettes are a bad combination  
when Im thinking of you  
beer and cigarettes all alone by myself  
and Im thinking of you-again

smoking and drinking just wont get me closer to you  
smoking and drinking just wont get me closer to you  
but what can I do

beer and cigarettes are a bad combination  
when you're far away  
beer and cigarettes all alone by myself  
on a saturday-again
