

Don't Follow Me

The Quakes

Don't follow me, do you know where I'm going
But I ain't going any place at all
Don't follow me, down that road
Let's travel
It doesn't lead to any place at all

People come and people go
In and out of our lives I know
Sometimes people skate away to don't know
But I'm not that way, I go back home everyday
But I don't need to be told that I'm alone

Don't follow me, there's still time to turn around
Follow and you'll be lost and never found
Don't follow me cause I don't know where I'm going
But I ain't going any place at all

People come and people go
In and out of our lives I know
Sometimes people skate away to don't know
But I'm not that way, I go back home everyday
But I don't need to be told that I'm alone

People come and people go
In and out of our lives I know
Sometimes people skate away to don't know
So don't loose your way and I hope everyday
Please don't follow me, I travel alone
