

Negative charge

The Quakes

I'm a negative charge minus fifty degrees
I'm indestructible
I'll bring you to your knees
I'm a negative charge I'm gonna bring you down
I'm a negative charge you don't want around

Well I remember when I was young about the age of three
I didn't wanna play with nobody
Nobody wanted to play with me
I'm a negative charge I'm gonna bring you down
I'm a negative charge you don't want around

I'm a negative charge minus fifty
And I'm indestructible
I'll bring you to your fucking knees
I'm a negative charge listen to my sound
I'm a negative charge you don't want around
