

# Fucked in the Head

The Queers

I'm hanging around the couch all day  
They always have me fucked up on meds  
Don't give a shit about the bills I don't pay  
It's not worth it to get outta bed

I don't care what they say  
I feel dead  
I'm fucked in the head  
I'm too sick  
I don't break  
I feel dead  
And fucked in the head

The TV's always on but don't know the time  
The pain in my brain is too much  
Nervous getting better

I don't care what they say  
I feel dead  
And fucked in the head  
I'm too sick  
I don't break  
I feel dead  
And fucked in the head

I'm fucked in the head!
