

# Voodoo Doll

The Queers

I know girls, and I know you  
And the the stupid games you play  
I'm not good enough for you  
Well this is what I say

You may not know it but hey it's true  
He don't love you but I sure do  
Don't you know  
I love you so

All the girls say they're above me  
And I know you really love me  
But you're just my voodoo doll  
Oh yeah, just my voodoo doll  
Oh yeah, just my voodoo doll  
Oh yeah, just my voodoo doll  
Oh yeah, just my voodoo doll

Walking down the street, staring at my feet  
And I'm all alone  
Everybody laughs at me  
I'm in the twilight zone

You may not know it but hey it's true  
He don't love you but I sure do  
Don't you know  
I love you so

All the girls say they're above me  
And I know you really love me  
But you're just my voodoo doll  
Oh yeah, just my voodoo doll  
Oh yeah, just my voodoo doll  
Oh yeah, just my voodoo doll  
Oh yeah, just my voodoo doll
