

## Can't Relate to You

The Rabble

I just can't relate to you  
Well the beat hits like  
A steam-freight train,  
A pedal to the metal in the fast-lane  
Adrenaline, gasoline, tnt, dynamite - detonation is  
Gonna electrify  
An uninspired life

I'm not adjusting, I just can't relate to the new  
I'm not suffering, I just can't  
Shake this rock' n roll - fuck you

Well this is no techno-disco,  
No auto-tuned fiasco  
Well this is punk rock 'n roll -  
Make a move, come on let's go the only  
Thing it means is we're not living our  
Lives way too slow

I'm not adjusting, I just can't relate to  
The new  
I'm not suffering, I just can't  
Shake this rock' n roll - fuck you

I'm not suffering; I just can't seem to relate to you  
I' not adjusting, I just can't relate to the new  
I'm not suffering, I just can't seem  
To relate to you  
So fuck you,  
You damn  
Plastic, parasite mother fuckers
