We're nowhere to be found

And I know it is kind for you

Damn regret, I'll try to forget

Ami G

Don't worry about me 'cause I'm refined

C G F

Cast my line to see what's behind

Am G C

Did you think you'd persuade me to let you go?

G

I'm wishing you were here

My weakness is my fear

Am

Alone I am myself

F C

No reason left for me to care

Distracted by the sound

I hear footsteps all around

Ami

Empowered by adrenaline

Feel I've been born again

You're the only one I turn to

When I feel like no one's there

Am F

And when I'm lonely in my darkest hour

G

You give me the power

Did you think I'd forget?
