

Frustration

The Restarts

I'm in such a fuckin state I don't wanna see your face
Get the fuck off my case what you gonna do
Feel my heads gonna crack DSS on my back
All sides on attack so fuck you

So you had a fucked youth yeah think you saw the truth
Anger growing more acute blame your family
Things will always be the same swallow pride with the pain
When you go against the grain like you go and do

Frustration - alienation
My frustration - fuckin with a no win situation
