

The facts there to see have a fuckin family
Fuck yourselves into slavery
Into financial stress problems of this fucked up mess
Social life zero wits at test

You choose to breed Humanity -
All I see is fuckin Insanity
Ignore the shortfalls of society

I'm not telling you what to do,
What I do say is think it through
Pro-create or not up to you
Your rewards are in doubt worry til your time is out
For me not what life is about
You choose to breed Humanity
All I see is fuckin Insanity
Ignore the shortfalls of society
You choose to breed Humanity
All I see is fuckin Insanity
Perpetuation of the shit
