

I go down the streets
Like a god-damned ghost would do
I am a shadow of a man
Perhaps nothing else but you

My life came to an end
Got over it without a cry

A kid asked me if I am a living dead
And I was not able to deny

Is there an exit?
Lead me to the edge of dawn
Is there an exit?
I want to leave without a frown

Is there an exit?
All I loved is far and gone
Is there an exit?
I want to leave without a frown

I forgot the lady's name
They are looking all the same
My cigarettes got wet
On my dusty road of shame

I hate life without a reason
I give up without a try
And if I would tell you I care
It would be just a lie

Is there an exit?
Lead me to the edge of dawn
Is there an exit?
I want to leave without a frown

Is there an exit?
All I loved is far and gone
Is there an exit?
I want to leave without a frown

Like they say
Every dog has its day
Maybe mine will come on my last day

Lead me to the edge of dawn
