

Rock-A-Boom

The Revillos

Girl I know
Ultra violet snow
Make a winterland a go-go
Time to party where they move
To the latest groove
Girl I know
Ultra violet shows
All the colours when you go-go
When they dance the rock-a-boom
S'gonna get to you
It's a dance they do
Called the rock-a-boom
Girl I think
Dress fluorescent pink
And it's winter time for parties
Time to party where they move
To the latest groove
Girl I think
Lips are baby pink
With a bush blue vaughn hairdoo
When they dance the rock-a-boom
S'gonna get to you
