

Getting Me Down

The Rezillos

Walking through the park I'm like a child at play
Thinking about the things I said I'd do today
Yeah the state of things is getting bad it's getting me down
I think I'll pack up all my bags and leave this town

It's getting me down

Money is the only thing that turns me on
But someone else has got it and a I got none
Oh give it to me baby that's a what I need
Living not existing that's the thing for me

It's getting me down
I said it' It's getting me down

It's getting me down

It's getting me down
It's getting me down
It's getting me down
