## Can You Hear the Music

## **The Rolling Stones**

Can you hear the music, can you hear the music? Can you feel the magic hangin' in the air? Can you feel the magic? Oh, yeah

Love is a mystery I can't demystify, oh, no And sometimes I wonder why we're here But I don't care, I don't care

Can you hear the music, can you hear the music? Can you feel the magic dancin' in the air? Can you feel the magic? Oh, yeah

Love is a mystery I can't demystify, oh, no Sometimes I I'm dancin' on air But I get scared, I get scared

When I hear the drummer, get me in the groove When I hear the guitar, makes me wanna move Can you feel the magic, floatin' in the air? Can you feel the magic? Oh, yeah

Sometimes you're feelin' you've been pushed around And your rainbow just ain't here Don't you fear, don't you fear

When you hear the music trouble disappear When you hear the music ringin' in your ears Can you feel the magic floatin' in the air? Can you hear the magic? Oh, yeah, yeah

When you hear the music ringin' in my ear Can you hear the music? Oh, yeah Can you hear the drummer? Gets you in the groove Can you hear the guitar? Make you wanna move? Yeah

Can you hear the music? Oh, yeah
Can you hear the music ringin' in my ear?
Can you hear the music, can you hear the music?
