

You Bet I Would

The Ronettes

If you told me (if you told me) that we were through
And our love didn't mean a single thing to you
Would I worry? (would I worry?)
Would I fret? (would I fret?)
Cry my eyes out with regret?
Little honey (little honey), uh huh
You bet I would
(You bet I would, you bet I would)

If you left me (if you left me) for another girl
Do you think I'd ever sit down and cry?
Would I worry? (would I worry?)
Would I fret? (would I fret?)
Cry my eyes out with regret?
Little honey (little honey), uh huh
You bet I would
(You bet I would, you bet I would)

By now I don't care if you travel
Far away from me
'Cause wherever you go, wherever you are
That's where I'm gonna be

If I couldn't (if I couldn't) hold you all the time
And near, and know that you were mine
Would I worry? (would I worry?)
Would I fret? (would I fret?)
Cry my eyes out with regret?
Little honey (little honey), uh huh
You bet I would
(You bet I would)

If I couldn't (if I couldn't) hold you all the time
And near, and know that you were mine
Would I worry? (would I worry?)
Would I fret? (would I fret?)
Cry my eyes out with regret?
Little honey (little honey), uh huh
You bet I would
(You bet I would, you bet I would)

Little honey (little honey), uh huh
You bet I would
(You bet I would, you bet I would)

Little honey (you bet I would, you bet I would)
Little honey (you bet I would, you bet I would)
Little honey
