

I'm Just Dreaming

The Rubettes

Down down dummy doo down
Down down dummy doo down
Down down dummy doo down
Down down dummy doo dum

Judy I'm just dreaming
Every day dreaming my life away yeah yeah
Just waiting hoping and praying
That you'll come back to me
End all this misery

Down down dummy doo down
Down down dummy doo down
Down down dummy doo down
Down down dummy doo dum

Don't make me wait too long
It's here where you belong
Don't keep me hanging on
Come on back and dry these tears
Baby please don't leave me here

Just dreaming, just dreaming
Every day dreaming my life away yeah yeah
Just waiting hoping and praying
That you'll come back to me
End all this misery

Down down dummy doo down
Down down dummy doo down
Down down dummy doo down
Down down dummy doo dum

Just dreaming, just dreaming
Every day dreaming my life away yeah yeah
Just waiting hoping and praying
That you'll come back to me
End all this misery
