

# I Think I'm In Love

The Rubettes

I remember when I saw you at the high school dance  
You gave me such a smile I thought I'd take a chance  
I was so ashamed of dancing in that wood  
But when you came and asked me to I knew I would

Yeh yeh I want you right there  
Ooh ooh you know that I care  
Why why heavens above  
My my ooh I'm think I'm in love

Wanted to take you to a movie show  
Or any other place that you wanted to go  
You asked your mama could you go with me  
And mama said get it on, let it be

Yeh yeh I want you right there  
Ooh ooh you know that I care  
Why why heavens above  
My my ooh I'm think I'm in love

Is there something that you'd like to tell me  
Yeh, yeh I'm in love  
If I should ask you to stay all night  
What would you say, would it be alright ?

If I say et would be OK  
What would you do, would you walk away ?  
Yeh yeh I want you right there  
Ooh ooh you know that I care

Why why heavens above  
My my ooh I'm think I'm in love  
Yeh yeh I want you right there  
Ooh ooh you know that I care

Why why heavens above  
My my ooh I'm think I'm in love  
In think I'm in love.....
