

Gallows

The Score

I walk these streets I don't walk on water
Mistakes I've made taught me to be stronger
Shackled in chains, by the monsters I've made
Trying to the walk the line, but the line it don't pay
I walk these streets I don't walk on water

Feeling heavy in my heart but I know
But I know I can be saved

Don't hang me up
Don't hang me up
Don't hang me up
Don't you hang me from the gallows

Don't hang me up
Don't hang me up
Don't hang me up
Don't you hang me from the gallows

I'm a sinner and a saint and it's taking its toll
Running from the devil but the devil takes hold
Been turning my back on the sun these days
Trying to walk the line but I'm losing my way
I walk these streets I don't walk on water

Feeling heavy in my heart but I know
But I know I can be saved
But I know I can be saved
But I know I can be saved

Don't hang me up
Don't hang me up
Don't hang me up
Don't you hang me from the gallows

Don't hang me up
Don't hang me up
Don't hang me up
Don't you hang me from the gallows

Don't you hang me from the gallows

Don't you hang me from the gallows
