

Hunger

The Score

It's feeding time in the jungle, jungle
The cold streets, yeah, they come alive
Ain't a time to be humble, humble
Cause only the strong survive

(The nights, out here)
I'm starving just to feel inspired
(The fights, my fears)
Tonight I won't be denied

Can you feel the hunger, the hunger?
Can you feel the hunger, the hunger?
Never, ever, satisfied
Gotta feed this appetite
Before it pulls me under

I ain't waiting for this, I'm breaking out of my cage
I'm howling can you hear the sound
It's the call of the wild, wild
I'm an animal you can't hold down

(The nights, out here)
I'm starving just to feel inspired
(The fights, my fears)
Tonight I won't be denied

Can you feel the hunger, the hunger?
Can you feel the hunger, the hunger?
Never, ever, satisfied
Gotta feed this appetite
Before it pulls me under

(Can you feel the hunger?
The hunger?
Can you feel the hunger?
The hunger?)

Can you feel the hunger, the hunger?
Can you feel the hunger, the hunger?
Never, ever, satisfied
Gotta feed this appetite
Before it pulls me under

(Can you feel the hunger?)
