

Run Like a Rebel

The Score

I feel a shiver
Ripple down my spine
It cut likes a river
And lets me know it's time
There's a million faces
Told to get in line
Spend their lives in cages
Until the day they die

But I'm not a number, I can't be defined
Yeah I feel the hunger, I think that it's time

That I run like a rebel, run like a rebel
Run like a rebel, run like a rebel
Shake off the devil, shake off the devil
And run like a rebel, run like a rebel
Like a rebel

Are we all addicted
To living by design?
I won't be constricted
To stay between the lines

But I'm not a number, I can't be defined
Yeah I feel the hunger, I think that it's time

That I run like a rebel, run like a rebel
Run like a rebel, run like a rebel
Shake off the devil, shake off the devil
And run like a rebel, run like a rebel
Like a rebel

(Run, run, run
Run, run run)
Like a rebel

I'm not a number, I can't be defined
Yeah I feel the hunger, I think that it's time
I'm not a number, I can't be defined
Yeah I feel the hunger (Shake off the devil, shake off the devil)
I think that it's time (And run like a rebel, run like a rebel)

Run like a rebel, run like a rebel
Like a rebel
(Run, run, run
Run, run run)
Like a rebel
