I'm a savage, I'm a fighter  
Making noise in these streets  
Haymakers like a fire  
Throwing hooks to a beat

Got my finger on my pulse, it's steady  
I was built for the speed  
Automatic, shift gears, I'm ready  
Headstrong I believe

When I close my eyes and count to ten  
All I feel's the adrenaline  
And when the pain begins to set  
All I hear is

Long live the champion  
Long live the champion

Call me names, call me reckless  
Crash through like a storm  
Filled with fury, I'm relentless  
Like a soldier at war

Doesn't matter if the world is shaking  
I don't flinch, not a sound  
And when everyone around is breaking  
I'm a stone in the ground

When I close my eyes and count to ten  
All I feel's the adrenaline  
And when the pain begins to set  
All I hear is

Long live the champion  
Long live the champion  
Long live the champion  
Long live the champion

When I close my eyes and count to ten  
All I feel's the adrenaline  
And when the pain begins to set  
All I hear is  
(All I hear is, all I hear is, all I hear is)

Long live the champion
