```
I'm so hungry, so hungry for love
I'm so hungry, so hungry for love
What's the use of worryin', you don't care about the mood I'm i
I just want to spend every week, every day, every hour with you
Oh won't you change your mind, and be a little kind,
I'm so hungry for love
Just remember and you'll feel so glad
There were times when you made me feel bad
What's the use of worryin', you don't care about the mood I'm i
I just want to spend every week, every day, every hour with you
Oh won't you change your mind, and be a little kind,
I'm so hungry for love
What's the use of worryin', you don't care about the mood I'm i
I just want to spend every week, every day, every hour with you
Oh won't you change your mind, and be a little kind,
I'm so hungry for love
So hungry for love
So hungry for love
```
