

Livin' Lovin' Wreck

The Searchers

When you kiss me, can't you see
What your kiss has done for me?
Baby, I'm a livin' lovin' wreck

Can't you tell by the way I walk?
Can't you hear it in my talk?
Baby, I'm a livin' lovin' wreck

Oh, the doctor said he could not help my case
Then he said he wished you were right here in my place

Although I don't feel no pain
I know something's happening just the same
Baby, I'm a livin' lovin' wreck

The doctor said he could not help my case
Then he said he wished you were right here in my place

Although I don't feel no pain
I know something's happening just the same
Baby, I'm a livin' lovin' wreck
Oh yeah, a livin' lovin' wreck
Oh yeah, a livin' lovin' wreck
