I've got this feeling in side
Since I've found out that you lied
I thought our love was trueeee
But now it's up to youuuu
To take away this feeling in side

I could never under stand
The way you upset our plannnn
You made me look a foolllll
Oh such a foolllll
To take away this feeling in side

I should have listened to, what people said
They tried to tell me the truth

One day it will happen to youuuu
You'll know just what I've been through
You'll think you're bein' cruel
Made you look a foolllll
And then you'll know this feeling in side

I should have listened to, what people said
They tried to tell me the truth

One day it will happen to youuuu
You'll know just what I've been through
You'll think you're bein' cruel
Made you look a foolllll
And then you'll know this feeling in side
And then you'll know this feeling in side
