

Don't Call

The Secret Handshake

Believe me, this is strange
I'm struggling just to make this
And it's totally a stretch
I'm trying just to fake it
I just can't commit
The words just come out wrong
And so am I

All I know
Don't call (4x)

You just wait I'll be there next year
You just wait I'll be there soon

All I know
Don't call (4x)

I'll wait up
For you, for years
To hear you say
Maybe today

Don't call (4x)
