

# I'm Gonna Be Myself

The Sheepdogs

When I was a young man  
I lived for today  
No need for insurance  
Follow me far far away  
Looked out for my brother  
Never settled down  
Go on be yourself old boy  
There's no one else around

I'm gonna be myself [x5]

Don't know where I'm going  
All I know is how  
To keep my head above the water  
My feet from off the ground

Don't get too discouraged  
You're where you need to be  
Look a little longer come around  
That's where you'll find me

I'm gonna be myself [x5]

Hold On  
Hold On  
Hold On  
Yeaaah
