

## Garden of Eden

### The Sins of Thy Beloved

???  
The mighty light shines in your eyes  
???  
You will enter paradise

In the garden of Eden  
I were (?) in Paradise  
???  
I can't believe my eyes  
No war no hunger  
No pain or misery  
Just friendship joy and fun  
and harmony  
???  
???  
I see the enemy  
???  
No hate no sorrow  
No threats or lies  
The snake has left  
This land called paradise

In the garden of Eden  
I want to stay  
In the garden of Eden  
I close my eyes  
In the garden of Eden  
I want to die  
In the garden of Eden  
I live (?) in Paradise

It's no crime (?) to cross the barrier of immortality  
???????? of eternity  
The wind blows through your naked body  
(?you weren't?) given the gift of eternal life
