

Propaganda

The Slackers

Well tell me more about my situation
And evil men who are coming for my nation
And evil forces who are coming for my freedom
In secret congress, nobody ever sees them

The propaganda (Propaganda...)
It's everywhere I look
It's-a propaganda (Propaganda...)
It's just like history books
It's-a propaganda (Propaganda...)
Everywhere I go
But hey, mister (Mister, please...)
Mister, please tell me what you know
Hey, mister...
C'mon, tell me what you know...

'Cause if somebody wants to make a confrontation
They don't get no play on your radio station
They don't get no time on the television
The word's been sent down from the owner corporation

The propaganda (Propaganda...)
And now it's everywhere I go
It's-a propaganda (Propaganda...)
It's on all my TV shows
Propaganda (Propaganda...)
Everywhere I go
But hey, mister (Mister, please...)
Mister, please tell me what you know
Hey, mister...
C'mon, tell me what you know...

See, my congressmen to my president
Are all businessmen just schemin'
They tell me who's my enemies and who's my friends,
Well, I'm not sure that I believe them
Streetside posters are encouragin' me peepin'
To report my local terrorists and the company they're
keepin'

Propaganda (Propaganda...)
And now it's everywhere I go
It's-a propaganda (Propaganda...)
Man, it's on my radio
Propaganda (Propaganda...)
Everywhere I go
But hey, mister (Mister, please...)
Mister, please tell me what you know

Like, who are they in Guantanamo Bay, sir?
There ain't no names, and ain't no crimes written in my
paper
The racial prisoner, who's wonderin' why his charge
is...
Secret meetings in taxi-cab garages

The propaganda (Propaganda...)

It's everywhere I look
It's-a propaganda (Propaganda...)
It's just like history books
Propaganda (Propaganda...)
It's everywhere I go
But hey, mister (Mister, please...)
Mister, please tell me what you know
Hey, mister... And sister,
Tell me what you know...
