

Real War

The Slackers

Well I woke up this morning and I
Faced the world and I...
I have to say that I was surprised
The heads of state want to start a war
Just from a three-letter word

(R) :

War is all around us (war is all around us)
Fighting everywhere
Politicians gamble (politicians gamble)
With your life, 'cause they don't care
No no no no no

War is all around us (war is all around us)
Fighting everywhere
Time to fight the real war (time to fight the real war)
Against hunger and poverty

Time to fight the real war (time to fight the real war)
For racial equality

Time to fight the real war (time to fight the real war)
For it affect you and me
