

Time And Time Again

The Smithereens

I've tried everything
I've looked everywhere
Tried to find someone like you
My own love's all wrong
Girl, you know I'm not that strong
How can I tell her we're through

Each time we make romance
I keep thinking 'bout no one but you
Each time I hold her it seems to get colder
And I just don't know what to do

Time and time again
Time and time again
Time and time again
When will I ever learn

I've done everything
Trying to get next to you
You still got nothing to say
You won't stay with me
Tell me that you must be free
I guess I'll just go my own way

Every time I take her hand
I keep thinking 'bout no one but you
Each time I hold her it seems to get colder
And I just don't know what to do

Time and time again
Time and time again
Time and time again
When will I ever learn

Each time I meet a girl
I keep hoping that she'll be like you
But once I know her well
I start looking for somebody new

Time and time again
Time and time again
Time and time again
When will I ever learn

When will I ever learn
When will I ever learn
