

Like A Good Man Should

The Spinners

(Hey there)
(Little girl)
(Don't you know you got my head in a whirl)
One kiss from you would be
So good, real good

Little girl, don't stay away from me
I wanna love you, woman
Like a good man should

One will
Find me
To know you're gonna walk my way
Who can make love a reality?
Too good, I could and you could

Little girl, don't stay away from me
I wanna love you, woman
Like a good man should

(Ooo wee)
(On a shelf)
I wouldn't stop trying for a million months
Love from you would fill my heart with glee
Sure would, really would

Little girl, don't stay away from me
I wanna love you, woman
Like a good man should

(Good)
(Good)

Come on
Why wait
Little girl, why do you hesitate?
We could be in love for eternity
Sure could, really could

Little girl, don't stay away from me
I wanna love you, woman
Like a good man should

Hey there
Little girl
I wanna love you, woman
Like a good man should

Ooo wee
Aah shucks
I wanna love you, woman
Like a good man should

Come on
Why wait
I wanna love you, woman
Like a good man should
