

Toni My Love

The Spinners

Kinda eyes of a kitten, open when I come around
Nice things with a sparkle, take her beyond space and time

Toni's all mine
But she should take the time
To respect what I say
Coming on strong
Is the heart of her own
She can't stop! What a shame

Toni my love, you don't know what you're doin'
Seems like it don't get better
Toni my love, it's you you're really foolin'
When you say that we should just give in (give in)
I know that I could never win

Goes home to her mama, telling her how I been wrong
Give Toni one minute and she'll be on the way home
That kind of lady she is, you know

Girl of my dreams
Not as bad as she seems
She won't give love too fast
Time is a key
Cause with age she can see
That in fact, we have changed

Toni my love, you don't know what you're doin'
Seems like it don't get better
Toni my love, it's you you're really foolin'
When you say that we should just give in (give in)
I know that I could never win

Toni my love, you don't know what you're doin'
Seems like it don't get better
Toni my love, it's you you're really foolin'
When you say that we should just give in (give in)
I know that I could never win

Toni my love, you don't know what you're doin'
Seems like it don't get better
Toni my love, it's you you're really foolin'
When you say that we should just give in (give in)
I know that I could never win

Toni my love, you don't know what you're doin'
