

# All the Times You Prayed

The Staves

Time will take, oh  
Won't you settle for me now  
I'll wait, I'll wait

Time will take and I will wait for you  
For you, my oldest friend  
Here again, we never say goodbye  
We still, we still pretend

Tell me all the times you prayed  
Tell me all the times you prayed

Held it all inside  
I would never know, you would never say  
Won't you settle for me now  
Here again but who  
To sing to now  
You're so far away

Tell me all the times you prayed  
Tell me all the times you prayed  
Heavens above  
Heavens above

Hold yourself together  
See my darling  
You're a part of me  
And you'll always be

Tell me all the times you prayed  
Tell me all the times you prayed  
Heavens above  
Heavens above

And I'll wait  
I'll wait  
Time will take, oh  
Won't you settle for me now
