

## Silent Side

### The Staves

Only to go hungry  
Only to go spare  
Just a starving poet  
Looking for somewhere  
I can feel you now  
You're back, it makes me weak  
I could lay you down, lay you down to sleep

You are my silent side  
(Only you, only you)  
You are my silent side  
(Only you, only you)  
You are my silent side  
(Only you, only you)  
You are my silent side  
(Only you, only you)

Never the one, never the one to say  
Never the one, never the one to say

Only to go hungry  
Only to go spare  
Just a starter poet  
Looking for somewhere  
I can feel you now  
You're back, it makes me weak  
I could lay you down, lay you down to sleep

'Cause you are my silent side  
(Only you, only you)  
You are my silent side  
(Only you, only you)  
You are my silent side  
(Only you, only you)  
You are my silent side  
(Only you, only you)  
Only you
