

Guitars Whiskey Guns And Knives

The SteelDrivers

(chorus)

Guitars, whiskey, guns and knives
Three's a crowd and one more's a fight
Four good ways to wreck your life
Guitars, whiskey, guns and a knives

Before I got this Martin box
Before I got my guns in hock
Every night was on the rocks
Before I got this Martin box

(repeat chorus)

A shot of brown and a glass of ice
Will loosen up your fingers nice
Songs that give the girls a thrill
Son that's the kind that'll get you killed

(repeat chorus)
