

All Dressed Up (With Nowhere to Go)

The Struts

You look like a movie star
On Sunday morning
In my dreams I see you shining so bright
I hear you calling
I wanna take you out
On Friday evening
But In this lockdown babe I cannot go out
My heart is bleeding

Want you to myself
Babe I need some help
Tensions gonna make me explode oh

Headlights
Glowing like the sun
All revved up with nowhere to run
Uh oh
Silver cream and gold
All dressed up with nowhere to go
Cause I'm
Dressed up with nowhere to go

You're something I can't explain
My beautiful creature
As I wonder would you like my new shoes
In front of the mirror

Sitting on the drive
Dying for a ride
Craving for some love on the road oh

Headlights
Glowing like the sun
All revved up with nowhere to run
Uh oh
Silver cream and gold
All dressed up with nowhere to go
Cause I'm
Dressed up with nowhere to go
Oooh oooh
Cmon baby!

You look like a movie star
On Sunday morning
In my dreams I see you shining so bright
I hear you calling

Headlights
Glowing like the sun
All revved up with nowhere to run
Uh oh
Silver cream and gold
All dressed up with nowhere to go
With my
Headlights
Glowing like the sun
All revved up with nowhere to run

Uh oh
Silver cream and gold
All dressed up with nowhere to go
Cause I'm
Dressed up with nowhere to go
Whoo!
Dressed up with nowhere to go
