

Body Talks

The Struts

Your eyes follow like a spotlight
Two eyes like the sun
Go ahead keep your distance from me
Soon you're going to come
When you flick your hair like you don't care
And you're asking where I'm from
That game that you're running baby
You've already won

I need to know, know, know
What do you need, need, need?
What do you like, like, like?
Because I'm going to be it tonight

You could be cool, you could be shy
Say what you want, say what you like
'Cause ooh, your body talks, your body talks
Ooh, ooh your body talks
You could pretend you don't want it now
But I read the signs from your head to your toes
Yeah you don't need to say a word 'cause
Ooh, ooh your body talks

Your lips are a conversation
That face is a song
If it's my imagination
Stop me if I'm wrong

I need to know, know, know
What do you need, need, need?
What do you like, like, like?
Because I'm going to be it tonight

You could be cool, you could be shy
Say what you want, say what you like
'Cause ooh your body talks, your body talks
Ooh, ooh your body talks
You could pretend you don't want it now
But I read the signs from your head to your toes
Yeah you don't need to say a word 'cause
Ooh, ooh your body talks

(Ooh ooh ooh ooh oh Ooh ooh ooh ooh oh Ooh ooh ooh ooh oh Ooh)

Ooh, your body talks, your body talks
Ooh, your body talks

You could be cool, you could be shy
Say what you want, say what you like
'Cause ooh your body talks, your body talks
Ooh, ooh your body talks
You could pretend you don't want it now
But I read the signs from your head to your toes
'Cause you don't need to say a word 'cause
Ooh, ooh your body talks

(Ooh ooh ooh ooh oh Ooh ooh ooh ooh oh Ooh ooh ooh ooh oh Ooh)

Shake your hips
(Ooh ooh) Its on your lips
You don't need to say a word 'cause
Ooh, ooh your body talks
