

On the Money

The Sugarhill Gang

Yeah, hahh
Bi-pidi-pi-dadam
Ti-ti-ti-di-ah

At the party, freaking strong
When it's over, don't you know, I'm gonna take you home
Making love through the night, just you and me
'Til the morning comes to rescue me
Well, filled with love-love-love, that's what you are
And I bet no-one'll take my morning star

But your loving baby
Don't you know, don't you know
Snap! It's on the money
You're my girl, you're my honey (oh-oh-ooh)
Changed me deep inside
When you dance, dance by my side
Snap! It's on the money
Say, you're my girl, you're my honey
Changed me deep inside
When you're dancin', dancin' by my side

Dancing on the floor
When I see you, I only yearn for more
She got the move, that make me wanna groove
She got the beat, that knocks me out of my seat
Rock and roll, freaky-deaky
Dancing baby, you knock me out of my seat

That your loving baby
Don't you know, don't you know
Snap! It's on the money
You're my girl, you're my honey
Changed me deep inside
When you're (dance, dance) dancin' by my side
Snap! It's on the money
You're my girl, you're my honey
Changed me deep inside
When you're dancing by my side

Girl, you're on the money
Dance!
I'm so glad you're (freaky-deaky) my honey
Dance!

Dance!
Freaky-deaky, yeah yeah
Dance!
You're on the money
Dance!
You're my honey

Dance!
Yeah
It's on the money
Girl, you're on the money
Yeah, oohhh

It's on the money
It's on the money
It's on the money
You're on the money
It's on the money
You're on the money
Yeahh
It's on the money (on the money)
On the money
Your love is (it's on the money)
Yeah, yeah, it's on the money
