

# Work, Work, The Body

The Sugarhill Gang

Yeah, hoo!

Come on everybody, work work work  
Just dance to, we got the funky music  
(Sing it girls, a-let's sing it, girls)  
Come on everybody, work work work  
Just dance to, we got the funky music

Well, I like the way she walks, I like the way she talks  
And I even like the way she looks  
And when she turns around with these tight jeans on  
Oh God, she's got me hooked!  
Check it out! But there's just one thing I want her to know  
And that's just what I'm about  
I like pretty girls with the tight jeans on  
That make me scream and shout. Come on, girls!

Just take your time and work it all night long (huh!)  
Just take your time and work it all night long

Well, come a lil' closer and I'm sure you'll find  
That I'm a hell of a fella, and I'm one of a kind  
If you happen to stay for just about an hour  
You sweet, fine thing, you'll be in my power  
Don't stop the feeling there's nothing you can do  
Put out your bag, take off your suit [?]  
Now, if you think that you can't contain yourself  
Put all the silly games right on the shelf!

Just take your time and work it all night long (huh, huh!)  
Just take your time and work it all night long

Yo man, look at that girl over there, with them blue jeans on. She look good  
, right?  
Word, man!  
Let's get busy, man!

Well, I had a lot of girls in my days  
And them girls, they drive me crazy  
And all the ways she shakes that precious thing  
Oh man, it's just amazing!  
But she's got something else, that I admire  
And it's a good head on her shoulders  
And Im'ma tell you: she's fine, and she's all mine  
And you can put that in your folder  
Huh!

Come on everybody (come on!), work work work  
Just dance to, we got the funky music  
(Sing it girls, a-let's sing it, girls)  
Come on everybody (come on!), work work work  
Just dance to, we got the funky music  
(Shake it up, sha-shake it up, shake it up)

Oh yeah, here we go!

Now, I'm 6'5", sho-nuff alive

Ain't nothin' fake, cause I'm bona-fide  
I'll take you anywhere you want to go  
So come, take a ride with Kory-O  
Now, I ain't got no limousine, I ain't got no credit card  
But I got cash-money, and it's yours, honey  
If you only do your part  
It's yours!

Just take your time and work it all night long  
Just take your time and work it all night long

Come on everybody, work work work  
Just dance to, we got the funky music  
(Huh!)  
Come on everybody (come on!), work work work  
Just dance to, we got the funky music

Come on!  
We got the funky music  
(Shake it up girl, sha-shake it up girl)  
Come on!  
We got the funky music

Come on everybody (huh!), work work work  
Just dance to, we got the funky music  
(Just dance in da house)

Just take your time and work it all night long  
Just take your time and work it all night long  
Just take your time and work it all night long  
Just take your time and work it all night long

Well, with the fancy clothes, and your photogenic pose  
You can shop as a doll on a stem of a roll [?]  
To compete with the beat and the sound so sweet  
So lay back babe, cause you can't compete  
The way you swerve your curve, it really wrecks my nerves  
You're everything that a man deserves  
So women of the world made men to be  
Because women like you, make men like me

Come on everybody, work work work  
Just dance to, we got the funky music  
Come on everybody, work work work  
Just dance to, we got the funky music

Come on everybody, work work work  
Just dance to, we got the funky music
