

All Downhill from Here

The Summer Set

My friends think that I'm a little unwell
Cause I smile even though we're going to hell
We got American Dreams, yeah I'll be made overseas

We turn the music up loud we're shouting
"I don't wanna think about the kid that I was
Or the man that I'm not, will ever be anything
I hear that everybody's singing,"

It's all downhill, yeah it's all downhill
Yeah, it's all downhill from here
And I feel fine, yeah I feel fine
Yeah, baby

My friends think that I've been living a lie
Truth is, if I didn't laugh I'd cry

Cause our American Dreams, they look so good on TV
So turn the radio loud, we're shouting
"I don't wanna think about the kid that I was
Or the man that I'm not, will ever be anything
I hear that everybody's singing,"

It's all downhill, yeah it's all downhill
Yeah, it's all downhill from here
And I feel fine, yeah I feel fine
Yeah, baby, I feel fine
Yeah, baby

Jump to the left, jump to the right
Put your hands up and don't ask why
Point to your friends, point to the sky
Don't get down, get down tonight

It's all downhill, yeah it's all downhill
Yeah, it's all downhill from here, here

It's all downhill, yeah it's all downhill
Yeah, it's all downhill from here
And I feel fine, yeah I feel fine

Yeah baby, I feel fine
Yeah baby, I feel fine
Yeah baby, I feel fine
Yeah baby, I feel fine

(We got American Dreams, yeah I'll be made overseas
We turn the music up loud we're shouting
"I don't wanna think about the kid that I was
Or the man that I'm not, will ever be anything
I hear that everybody's singing,")

It's all downhill, yeah it's all downhill
Yeah, it's all downhill from here
