

## Two Tongues

The Swell Season

What you give  
Or give out  
Is the only thing  
That really counts

Will you stay?  
Here, stay around  
And we'll both start  
Working this out

But it's not just this  
It's everything  
You're so hard to reach  
And impossible to really read  
When your talking with  
Two tongues in your mouth  
And I wish you'd quit this muttering  
Beneath your breath  
It's killing me  
You've not said nothing yet

Who's talking now?  
Well I guess I'm starting to doubt  
Are we lost here?  
Are you keeping count?  
Are you just gonna let me down?

Well your heart's not in it  
It's everywhere  
It's plain to see  
You're still wondering  
What's underneath  
You're so curious  
It's two strikes and you're out  
And I'm tiring of this attitude  
How you fall to pieces  
Like you do  
I can't believe you're still talking  
With two tongues in your mouth  
After all we've been around

Will you hear me out?  
You're the only thing  
That really counts
