

Feeling Better

The Teenagers

Who's there for you when you're cold and alone
The teenagers, the teenagers
We're playing our songs and you're dancing along
You're feeling better, feeling better

Here's the plan
We want to heal the world
To make it a better place
For you and your friends, all together
Might sound cheesy but, always remember:

Who's there for you when you're cold and alone
The teenagers, the teenagers
We're playing our songs and you're dancing along
You're feeling better, feeling better

So your heroe's coming on
With a song to turn you on
And you move your better side
Making room for you and i
Looking like you never cried
And if you leave a band
'Cause you want to dance
Or missing your friends
'Cause you don't have any
Well, we don't care
Just buy our t-shirts and talk about us everywhere
If you wanna

Dance, dance, dance, dance, dance, dance, dance ...

Who's there for you when you're cold and alone
The teenagers, the teenagers
We're playing our songs and you're dancing along
You're feeling better, feeling better

Who's there for you when you're cold and alone
The teenagers, the teenagers
We're playing our songs and you're dancing along
You're feeling better, feeling better

Now that you're a fan
Go write your name on your body
Take your pen
Write it down
I LOVE THE TEENAGERS

Who's there for you when you're cold and alone
The teenagers, the teenagers
We're playing our songs and you're dancing along
You're feeling better, feeling better

Dance, dance, dance, dance, dance, dance, dance
