

# My Queen Of Halloween

## The Texas Drag Queen Massacre

Well I'm so glad that I met you,  
Be with you is all I wanna do,  
I got you in my head and in my dreams,  
You are my ghoul from a horror movie,  
I love you so much I think I'll die,  
And if you ever leave I know I'll cry,  
I wanna be yours 'til the end of days,  
'Til we're side by side in our matching graves.

I know you're the only one for me,  
My beautiful queen of halloween,  
My pumpkin baby the kids are scared of you,  
When you walk down the street,  
In your four inch platform shoes,  
So please oh please,  
Won't you spread the dead with me,  
Trick or treat, "Spider Baby",  
My queen of halloween.

I met her in the graveyard one night,  
Vampire style it was love at first bite,  
We held hands under the moon above,  
And I knew right there we were falling in love,  
She is everything I'll ever need,  
My nightmare christmas on halloween,  
Cute baby with a lust for gore,  
All I ever wanted and that little bit more.

I know you're the only one for me,  
My beautiful queen of halloween,  
My pumpkin baby the kids are scared of you,  
When you walk down the street,  
In your four inch platform shoes,  
So please oh please,  
Won't you spread the dead with me,  
Trick or treat, "Spider Baby",  
My queen of halloween.

I want you...  
To die,  
You are the razorblade apple of my eye,  
You are everything...  
I ever hated,  
Well I cross my heart and hope you die!

My pumpkin baby the kids are scared of you,  
When you walk down the street,  
In your four inch platform shoes,  
So please oh please,  
Won't you spread the dead with me,  
Trick or treat, "Spider Baby",  
My queen...  
Of halloween.
