

Gas Bill

The Tiger Lillies

I can't pay my gas bill
What am I going to do
Belsen's costing me a fortune
Dachau's expensive too

I'm running out of gas
Running out of gas
Running out of gas
I'm running out of gas
Running out of gas
I'm running out of gas

I can't pay my gas bill
Everybody's so mean
All I tried tried to do
Was keep my country clean

I can't pay my gas bill
Well didn't I get a result
Six million early showers
With death as a result

I'm running out of gas
Running out of gas
Running out of gas
I'm running out of gas
Running out of gas
I'm running out of gas

Well you don't think it's funny
Well nor do I
I'm here in my bunker
And I'm going to die

Eva pass the mustard
Laced with cyanide
This world's been beastly
So now it's suicide

I'm running out of gas
Running out of gas
Running out of gas
I'm running out of gas
Running out of gas
I'm running out of gas
