

Glory In Battle

The Tiger Lillies

There is no glory in battle
There is no glory in war
You are all just fools
The politicians whores

There is no glory in battle
Each of you a fool
For greedy power brokers
You are just a tool

There are no just reasons
There are no just ends
You're just a worthless pawn
Liars you defend

There is no glory in battle
There is no glory in war
You are all just fools
The politicians whores

You cannot fight for God
Or for a holly cause
You fight for evil greedy men
you are their abject whore

There is no glory in battle
Each of you a fool
For greedy power brokers
You are just a tool

So proud warrior
Wear your uniform with pride
You are fool an idiot
No matter the side

There is no glory in battle
There is no glory in war
You are all just fools
The politicians whores
